WireFrame 4 (Consultation):

WireFrame 5 (Registration/Feedback):

The wireframe illustrates a registration and feedback page layout. It features a main orange container with a white header area at the top. The header contains a heading 'ECG' and a navigation bar with links: 'About', 'Evaluation', 'Solutions', and 'Registration/Feedback'. Below the navigation bar, the main content area is divided into two columns. The left column contains a 'Face-to-face consultation' box, followed by a vertical stack of input fields for 'Name', 'Phone', and 'Email'. Below these is a checkbox with a checkmark icon. The right column contains a 'Feedback Form' box, followed by a large 'Information Input' box, and a 'FAQs' box. At the bottom of the main content area is a 'Signup for email notifications' box. The footer area is white and contains the text '© GLOBAL ECG 2020'. Several callout boxes provide additional context: 'Heading' points to the 'ECG' heading; 'Navigation Element' points to the navigation bar; 'Form Type Selection' points to the 'Face-to-face consultation' box; 'Form that contains controls' points to the input fields; and 'Footer' points to the footer text.
