

## Storyboards:

No visible borders for 'Gallery' section or between category list and content

Artworks are shown individually in the sections

No visible lines to separate visuals and caption

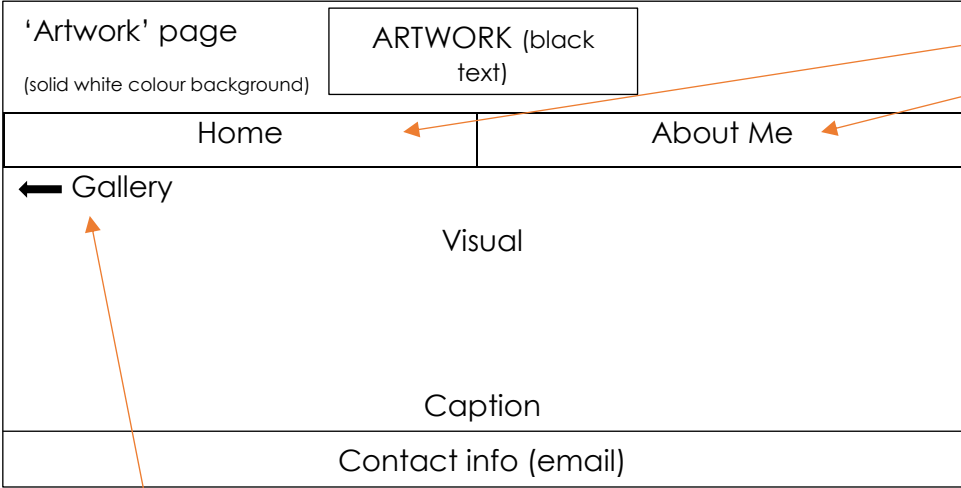

visual and caption section set to a certain size

captions are not fully shown if too long to fit to size of section, instead will show like this: \_\_\_\_

- List:
- Personal
  - Contest entries
  - Commission(s)

Visual and caption sections are hyperlinks that allow the user to click on it, redirecting user to 'Artwork' page with full image size of artwork and full caption for artwork chosen

'hidden' page, only redirected here after selecting an artwork that user wants to view from 'Gallery' page

'Home' and 'About Me' are hyperlinks, allowing users to click on the page they want to go e.g clicking on 'Home' and its surrounding border area redirects to Home page

'Visual' shows full image size of artwork and 'Caption' shows full caption for the artwork chosen by user

The arrow and 'Gallery' act as hyperlinks to redirect user to the 'Gallery' page
